Note: This essay has gone through a couple drafts based off extensive feedback (which you can read below in the comments). I'm aiming for a version of this essay that is less likely to violently misinterpreted by a majority of readers. Apologies for altering the context of any of the comments below...an unfortunate peril of live editing.

Lost Garden: A blunt critique of game criticism

Human capital is the stock of knowledge, habits, social and personality attributes, including creativity, embodied in the ability to perform labor so as to produce economic value. Human capital theory is closely associated with the study of human resources management as found in the practice of business administration and macroeconomics. The original idea of human capital can be traced back at ...

Neale Donald Walsch: CONVERSATIONS WITH GOD, Book 2

In Marxist thought, communist society or the communist system is the type of society and economic system postulated to emerge from technological advances in the productive forces, representing the ultimate goal of the political ideology of Communism. A communist society is characterized by common ownership of the means of production with free access to the articles of consumption and is ...
